

THE POWER OF PARTNERSHIP

The BriefCam RapidReview Starterkit for XProtect – a pre-configured hardware appliance with RapidReview software pre-installed and out-of-the-box integration with Milestone XProtect

Act now and save on a great introductory offer

Combine buying a new Milestone XProtect® license (Professional+, Expert or Corporate) and a BriefCam RapidReview Starterkit – and earn a 50% saving on RapidReview software. For new customers only. Limited supply. Offer ends 31 Dec 2019*.

Uncover the business intelligence locked within video surveillance systems by transforming unwatched video into real-time, actionable intelligence.

SAVE TIME ON INSTALLATION

Seamless integration of powerful, best-in-class video management and video analytics solutions with the software loaded in formidable pre-configured hardware. Deployment in less than five minutes.

SAVE TIME INVESTIGATING

Accelerate investigations transforming unstructured data with BriefCam RapidReview and get intuitive user analytics that reduce searches from hours to minutes with BriefCam VIDEO SYNOPSIS®.

- » XProtect's proven performance and stability
- » RapidReview's multi-camera search capabilities supporting 27 classes and attributes, including face recognition, appearance similarity, color, size, speed, path, direction and dwell time.
- » Organize all video assets of an investigation in a single container, bookmark objects of interest and summarize case findings.

MAXIMIZE INVESTMENT

BriefCam's unmatched detection and extraction accuracy dramatically improves post-event investigation productivity by pinpointing people and objects of interest with speed and precision. By presenting objects that have appeared at different times within the video simultaneously, BriefCam enables the review of hours of video in minutes, dramatically increasing investigation productivity.

SAVE MONEY*

Save 50%
