

Citrix Summit Series

Insights and innovation for a new era

3 Events

Oct. 8 | Oct. 22 | Oct. 29

#CitrixSummitSeries

In a world of constant change, don't just adapt. Thrive.

Join us as we announce the latest Citrix and partner innovations that will help you create the flexible work model you need to unlock the full potential of your workforce. The three-part digital series will feature insights and solutions to ease your move to the cloud, enable new ways of working, and protect your apps and data.

Experience 3 days of innovation

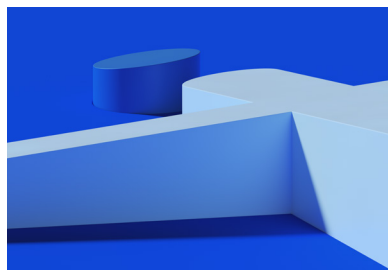

Hear from experts, watch panel discussions, see demos and customer showcases, and get resources about how to not only keep business moving but to be ready for anything.

October 8

Citrix Cloud Summit

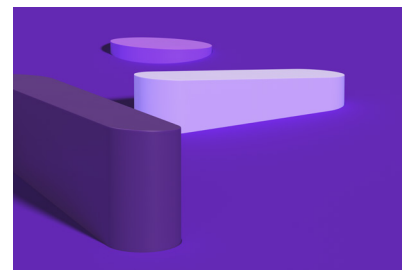

Learn how you can become more agile by rapidly and reliably migrating to the cloud of your choice, automating your hybrid, multi-cloud workloads, and optimizing performance.

October 22

Citrix Workspace Summit

Remote work is here to stay—which means employee experience matters more now than ever. Learn how a digital workspace empowers people to work easily and securely from anywhere.

October 29

Citrix Security Summit

With people working from everywhere, learn how you should be evolving your app delivery and security framework to best protect your apps, data, and people.
